

How to Access the Edvance360 Discussion

Discussion Overview:

Discussion

The discussion tool allows you to set up Forums, and inside those forums, individual discussions that may contain unlimited comments from users of the course or community.

Forums

Forums are the main 'container' for discussion posts. Each forum is centered around a main topic.

Posts

Posts allow users to create discussion threads inside Forums. Each post may contain unlimited comments.

Comments

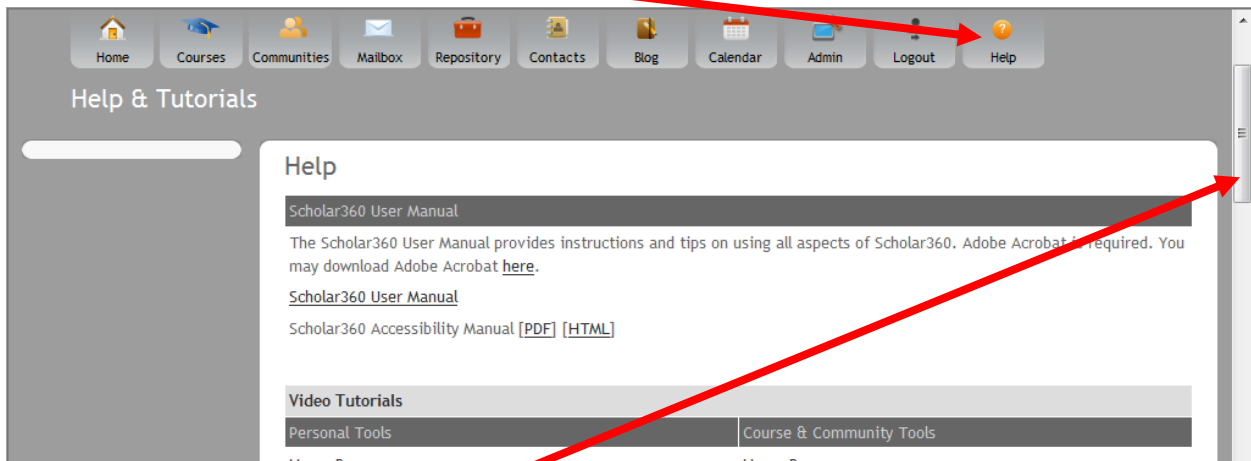

Each post may contain unlimited comments. Comments may be related to the main post, or may be replies to other comments.
